In reply refer to:
File Number 45-3

Admiral Walter S. DeLany
Deputy Administrator for MDAC
Mutual Security Administration
Room 1000, 806 Connecticut Avenue, N.W.
Washington 25, D.C.

Dear Admiral DeLany:

In a matter now under investigation by this Subcommittee, it is necessary to ascertain whether there have been any shipments from the free nations of Europe to countries behind the Iron Curtain of metals such as copper, lead, zinc, nickel, cobalt and molybdenum. It is therefore requested that such reports or other documentary evidence of such shipments be made available for examination by Jerome S. Adelman, Assistant Counsel of this Subcommittee.

It would be appreciated if such reports covering shipments of the above type since January 1, 1950 be collected and arrangements made for Mr. Adelman to examine the same.

Your cooperation in this matter will be appreciated.

Very truly yours,

J. B. Matthews
Executive Director
Senate Permanent Subcommittee
on Investigations
